

...from the East

Brethren,

May was another busy month, besides our Degree nights, we continue to push for our Charity events and have lined up candidates to receive the Degrees of Freemasonry. Everyone is stepping up and working hard to complete their proficiency. This is a testimony of our Brothers' and especially of the Officers' - dedication to improve the Lodge. We still have a lot of Degree work ahead, we have asked White Mountain Lodge to do a Courtesy work for one of our candidates and we are also receiving requests from other Lodges to do Courtesy work for them - this I have yet to discuss with my fellow Pedestal Officers.

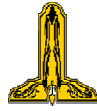

As you can see - this year is going by - too fast for me and the Lodge as a whole! I seldom have the opportunity to just sit back and enjoy everything that is going on! June will be an exciting month, with the Annual Grand Communication, Brothers trying to sit in the East and improve their proficiency, updating our Brethren members list, reaching out to our Brothers and last but not the least our raffle.

I hope to see all of the new Brothers - EA's/FC's/MM's at the Stated Meeting and Lodge events this month.

Fraternally,

... from the WEST

Brethren,
There are a number of qualities that set Freemasonry apart from other organizations. One has to marvel at the antiquity of the Craft - owing to its astonishing continuity - and a global interest in the Fraternity that spans many cultures and national borders.

I was raised a scant four years ago, but in reflecting upon the obvious value of Speculative Masonry, I have come to believe that the true power of the Fraternity is that learning and teaching are fundamental to the Craft.

Learning and delivering ritual in the Lodge is a valuable discipline, with benefits that can last a lifetime. I urge all members of Apache #69 to step forward and volunteer to learn and teach part of our time-honored message.

Brothers all...

Brethren, I offer the following as a companion article to that which our esteemed Senior Warden, Jeff, has submitted. In traveling to other Lodges and Masonic organizations, observe closely their efforts in ritual and protocols, not as criticism to our own efforts, but rather as extensions and nuances of the craft. And, of course, as bask in the rich light of fellowship for we are indeed "all in it together."

The Great Architect does have plans, many of which are beyond the ken of us mere mortals,

**Dear Brothers,
This is the last MAILED copy of the Trestle Board you will receive UNLESS you have requested to continue by mail. If you have a email address, you therefor have access to the Lodge Web site where the Trestle Board will be posted monthly in a more user friendly and printable 8 X 11 format. To date, only one Brother has requested a mailed copy, which will reduce our annual cost of publication by nearly \$1,000.

... from the Widows

Greetings Brothers!

The Widows Sons Masonic Riders Association is riding and having a blast!

We completed our annual Tombstone run in April, seeing the sites in Southern AZ and even taking a mine tour in Bisbee, traveling 1500 feet under a mountain to do so.

There are still many rides planned for the year, including our annual Sept. run to the North, this year hosted by WB John Tinnel in Seligman. On all of our rides, you can ride along or drive, it's the fellowship we care about!

Bone Box Five Chapter, which is hosted in our very own Apache Lodge #69, has visited many of the lodges throughout the State this season in order to meet more of our Masonic Family. Ask any member you bump into for information on how to join, and visit

www.facebook.com/bonebox5/

for pictures of our rides and updates.

Ride safe, and keep the rubber to the road!

Secretary, Bone Box Five Chapter
